White House Administration Official Thanks Community Action Agencies for a Job Well Done

DOE Assistant Secretary Cathy Zoi has posted an on-line video on the White House blog site praising the Weatherization network for our successful ramp-up of ARRA W.A.P. Three weeks ago, NCAF suggested that it is now time for acknowledgments and the entire Departmental Weatherization leadership jumped at the idea. We believe this well-done and clearly heartfelt video will mean a good deal to hardworking Weatherizers.

I urge all of you leaders of Weatherization agencies who receive this newsletter to be sure your W.A.P. staff and contractors pause for a short moment and see this well-deserved, high-level praise. To see Assistant Secretary Zoi's video and blog click [here](#), or visit NCAF's [homepage](#).

Congratulations on earning this recognition!

David Bradley, Executive Director
National Community Action Foundation
